SK 81 PARTIAL TRANSFER	Upon peeling adhesive divides between surfaces leaving message and remaining tacky.	Suitable for glossy papers, PE bags with corona treatment. Printable.	Acrylic	Matt PET film	Paper

SEAL KING - SECURITY TAPES

Packaging tapes

When packing and sealing goods for shipment in boxes, pouches or envelopes we have a range of highly effective and economical total transfer tamper evident tapes to offer a layer of additional protection during transit. When opened the product will delaminate leaving an irreversible and highly visible VOID message. This message can be customised to your requirements subject to a minimum order quantity.

Available in red, blue or brown as standard. Other colours are available upon request and available as self-wound labels, cross perforated every 150 mm and sequentially numbered (SK 76 SN and SK 77 SN).

Stretch Film friendly version also available to protect shrink wrapped goods (SK 77).

Multicolour void message versions available for more discerning applications (SK 96 series).

SK 76 / SK 77 - Total transfer

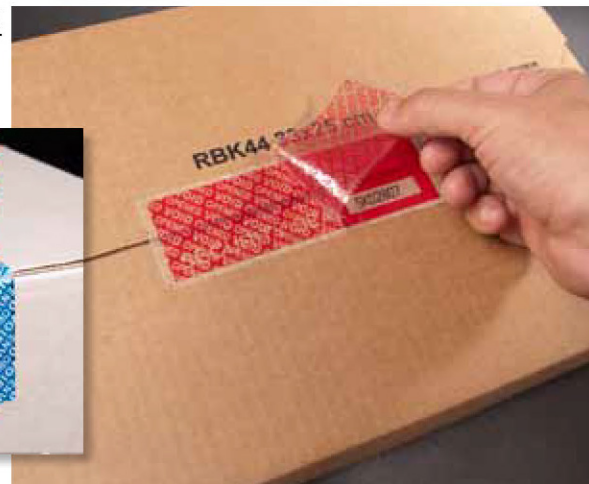

SK 77 - Total transfer

SK 69 - Zero transfer

SK 76 / SK 77 - Total transfer

PACKAGING SERIES
